## DESCRIPTION

This LONDON Limited Edition of the Kinvara 5 celebrates Saucony's pop-up store in Covent Garden. Exclusively available at the store and at the London Marathon exhibition, there are only a very limited number of pairs of the LONDON version, so don't miss out! The 5th edition of the Kinvara features a ProLock lacing system for an adaptable, dynamic midfoot fit. The collar has been redesigned for more plush comfort, and the upper features a more durable mesh. Despite these upgrades, the weight stays consistent at a feathery 213g!
